- The Unicol T range is based on our own Organic pigments with a specific surfactant system designed to meet the latest European and international regulations with regard to the environment.
- The Unicol T range of dispersions are free of Alkyl/nonyl phenol ethoxylates, completely VOC free, SVOC free and free of formaldehyde and formaldehyde donors. For compliance to OEKO-TEX® Standard 100 class 1 for Textile printing contact Union Colours Regulatory department.
Product technical data sheets are available on request.
The information in this brochure is based on our current knowledge, information and experience.
Responsibility or liability cannot be assumed for factors lying outside our knowledge and or control.
Due to the limitations of the four colour printing process, the colour swatches in this brochure may not match the actual shade of the specific pigment. They are for illustrative purposes only.
Light fastness and dry clean fastness tests carried out on prints at Full shade = 30g/Kg, Tint = 0.75g/Kg.
